Logo Design: green frog at the center, with pink brain exposed and yellow light protruding out of it to show that the frog's brain is growing. Background should be a solid color of light blue, and the design should overall be done in a more cutesy style.

Logo Design: green frog at the center, with pink brain exposed and yellow light protruding out of it to show that the frog's brain is growing. Background should be a solid color of light blue. The frog should be done in a slightly more realistic style without losing the overall cuteness of it. The shape of the image should be a circle
